Basti khokhar Abad, a remote area which is being affected every year due to Rod Kohi. Largely people are engage in agricultural related activity but flood destroy their cultivation repeatedly and in result poverty increases day by day.

During recent flood, Javaid Mastoi, president Rohi Development Organization (RDO), his team visited Khokhar Abad and found that people largely lacks the basic facilities and are in bad shape. So they decided to help them. So they have distributed hygiene kits with the basic necessities and also organized free medical camps. RDO team met Zenab Bibi whose husband are only earning 1000/- rupees and 4 children to rear. RDO helped her as well, she was happy at-least she can manage life in slightly better way. Hallema Mai widow of Khuda Bux , has 4 children. Her only source of income depends on his son who is a laborer and his income is also instable. Her two children are suffering with Thelicemia, was provided help during flood period. She was happy at least she got health and hygiene kits. Bahseer Bibi, a patient of severe allergy, got medicine and being treated properly. Now she is enjoying her good health.
